

Monthly Information Sessions for Prospective Entry-level MSOT Applicants

Information sessions for prospective applicants to the Entry-Level Masters Degree Program in Occupational Therapy are offered throughout the year on the third Friday of each month from 1:00-2:45 pm. The session includes a presentation about the program, information about the admission process, a question and answer period and a tour of the department. OT Department faculty members lead the information sessions. Current students in the program conduct the tours and provide prospective students with an opportunity to ask questions about the program. Specific questions related to transcripts and prerequisite courses can be addressed prior to, or following these sessions, by appointment with Dr. Dianne Simons, who can be reached at dfsimons@vcu.edu or by telephone at (804) 828-2230.
